## ASHRAE 2010 Winter Conference, Orlando, FL

Orlando - ASHRAE elevated Daniel Fisher, Ph.D., P.E., to the grade of Fellow at the Society's 2010 Winter Conference held here Jan. 23-27.

Fellow ASHRAE is a membership grade that recognizes distinction in the arts and sciences of heating, ventilating, air conditioning or refrigeration and is earned through achievement as a researcher, designer, educator or engineering executive. Dr. Fisher joins Dr. Spitler as one of approximately 500 Fellows selected from among ASHRAE's 50,000 members.

Prof. Curt Pedersen, the adviser of both Dr. Fisher and Dr. Spitler at the University of Illinois at Urbana-Champaign has four former PhD students who are Fellows of ASHRAE and he was kind enough to invite us all to dinner at the ASHRAE meeting. Left-to-right are Drs. Spitler, Hittle (Professor at Colorado State University), Pedersen, Bahnfleth (Professor at Pennsylvania State University) and Fisher.
